Subject: Microsoft Settlement

To Whom It May Concern:

On the matter of the Microsoft settlement, I find the remedy proposal as it stands a bad idea. To think that the US Government, of which I am a taxpayer, will allow this company to remain unpunished as a monopoly is appalling. Microsoft time and time again shows itself unwilling to allow the market to choose. Using ceaseless tactics to exclude competition is simply un-American in my view.

It is my hope that this settlement does NOT become implemented and will go back to the courts for a true and real remedy.

Sincerely,
Robert Dickson
